Soviets Knocking at Outer Defenses of Warsaw; French General Offered Command of Polish Forces

[Republican A. P. Leased Wire] LONDON, Aug. 10.—The Polish crisis is approaching its climax.

As viewed in London, Warsaw seems likely to fall before the negotiations at Minsk between the bolsheviki and Polish representatives are concluded. Lloyd George's speech in the house of commons today showed he is still working for a peaceful settlement, which he evidently is hopeful of se-curing. Leo Kaneneff, one of the so-viet emissaries in London, has submitted to the premier the Russian armistice terms and at the same time issued them to the British press with the evident object, it is said in some

quarters, of strengthening the hands of the British labor party. They are hard terms, demanding demobilization of the Polish army and war industries and complete disarmament except for 50,000 men. Russia, on the other hand, undertakes to with-draw her troops from the Polish front. reduce her troops on the frontier and on a ranch about 10 miles northwest of

the British government, with additional territorial concessions to Poland in the Bialystok and Cholm regions.

Mr. Lloyd George in his pronouncement declared no action would be taken except to "support the struggle for Polish existence and independence."

He admitted the Polish attack on Russia was unjustified and that the soviet sin was unjustified and that the soviet government was entitled to demand

Reds at Warsaw's Gate WARSAW, Aug. 10 .- There is stub born fighting cast of Warsaw, where the bolsheviki are endeavoring to break through the capital's outer defenses as part of their encircling move-ment. The reds apparently aim at cutting the Siedice-Warsaw railroad westward to the Vistula, overrunning one of the main lines to the southern front, where the Poles are defending Lemberg.

Military opinion views the situation in the northwest as particularly dan-gerous. It is believed possible that the reds will endeavor to push southwest-erly, where they might force the Vistula and sever Warsaw's remaining line to Danzig and also threaten com-

Weygand Offered Command WARSAW, Aug. 10 .- Supreme command of Polish military operations was offered to Gen. Maxime Weygand of the French army by the council of national defense which met tonight and took important decisions relative to the defense of Warsaw and reorganization

Although the other decisions taken by the council have not been made known, there is evidence that Warsaw will remain the basis of resistance. General Weygand has made acceptance conditional on evacuation of east-ern, Galicia and the Lublin region for a concentration of all forces on the middle Vistula for a great offensive.

General Weygand's acceptance is also subject to the answer which the soviet makes to the last note of Prince Eugene Sapieha, minister of foreign

Advance Grows Dangerous PARIS, Aug. 10-Slowly, but surely, the bolsheviki are closing in on Warsaw, according to the latest news. Appreciable reinforcements appear to have been brought to the northern soviet army, and in the Mlawre region their advaice is growing more danger-While the latter movement does not immediately threaten comminica-tions between Warsaw and Danzig, through the Vistula river valley, the Poles will be obliged to form a new

#### Terrific Bolt of Lightning Fatal to Miner

[Republican A. P. Leased Wire] BISBEE, Ariz., Aug. 10—Francisco Moreno, a laborer, was instantly killed this afternoon by a bolt of lightning as he was on his way to his home from work at the Copper Queen concentrator near Bisbee.

Moreno was one of a group of nine men, close together. None of the others with Moreno felt any effect of the lightning. Moreno was walking beside a railroad track. A violent thunder storm

The lightning burned Moreno's shirt from his body and tore a hole in his hat. The body is marked with a network of red lines, apparently following the veins. He was 22 years old.
